SURBITON

HIGH SCHOOL

2 Admissions Procedure

The main entry points are Reception (4+), Year 7 (11+), and Sixth Form (16+). Sometimes occasional places are available in other year groups, and these may be available mid-way through the academic year. Parents may apply for a place at any time but, in order to take the Entrance Examination for one of the main entry points, applications should be received by the dates stated on the website for the relevant academic year, usually 1 November.

Pupils may be considered for entry into other year groups at any time, subject to assessment and dependent upon space being available in the appropriate year group.

On application, parents must indicate that their child has permission to study in the UK. Non-UK/EEA Nationals should provide a copy of the applicant's passport page to show their current status and the dates of study and expiry of study.

From the beginning of the first day on which the school has agreed or been informed that the student will attend the school, an entry will be made in the school's admissions register in line with the Education (Pupil Registration) [England] Regulations 2006. The inclusion /deletion from the register is done according to the Education (Pupil Registration) [England] Regulations 2006.

2.1 Disabilities or Special Educational Needs

The Application Form asks parents to disclose whether their child has a disability, special educational need or medical condition. If this is the case, the School will then request additional information about the prospective pupil. In assessing any pupil or prospective pupil the School may take such advice and require such assessments, as it deems appropriate; subject to this, the School will be sensitive to any issues of confidentiality. The School will take reasonable steps to avoid putting disabled students at a substantial disadvantage in matters of admissions.

Based on the information given and advice received, Surbiton High School is committed to making reasonable adjustments that will enable a prospective pupil to take up a place at Surbiton High School (subject to satisfying the academic admissions requirements detailed on the [Admissions](#) page of the website) and to complying with its legal and moral responsibilities under the Special Educational Needs and Disability Act 2001.

2.2 Entrance Examinations and Assessments

For entry into Reception at our Boys' Prep School an application can be made at any time (but not before birth). On receipt of the completed application form and the non-returnable fee of £100 you will receive written confirmed of your son's Reserved Place, providing no waiting list is in operation. A formal confirmed offer will be issued, and a deposit will become due on 28 February of the year prior to entry. On receipt of the acceptance form and payment of the £1000 deposit, it will become a Confirmed Place. When confirmed pupil numbers reach our maximum class size, we will then add your son's details to our waiting list and a confirmed place will be offered, if possible, after 28 February of the year prior to entry.

For entry into Reception at our Girls' Prep School, applications can be received at any time (but not before birth) but are required by 1 November the year before entry. All applicants will then be invited to attend a 'Discovery Morning' in mid-November. Each child is grouped together with others of a similar age and developmental stage, according to the term of their birth e.g. autumn, as we are aware of the difference in

SURBITON

HIGH SCHOOL

development that a few months can make at this age. Children complete simple familiar tasks including number and sound recognition using toys and play equipment in a classroom setting, allowing us to assess their learning potential in language development, cognition, physical skills and socialisation. Reading ability is not assessed. Formal offers will be issued, and a deposit will become due in the November of the year prior to entry. On acceptance and receipt of payment of the deposit, a child will have a Confirmed Place.

The Entrance Examination for Year 7 (11+) entry is held in January for entry in September of the same year. For the Entrance Examination, candidates sit two papers, English and Mathematics, and answer a short questionnaire to provide a better understanding of their interests, opinions and experiences. A report will also be requested from the pupil's current school prior to the examination. All papers are designed to bring out the skills and potential of the pupil, to ensure that pupils are tested on what they have learnt throughout Key Stage 2. For more information on the content of the Year 7 Entrance Examination, please see the [Admissions](#) pages of the school website. It is School policy not to issue past papers.

Pupils from our Girls' Prep School sit the Entrance Examination to the Senior School on the same day at the same time.

Sixth Form applications from external candidates are welcomed. Candidates will take part in Morrisby Profiling, which allows the School to assess aptitudes, learning and personal working styles, to inspire and encourage pupils to make informed decisions about their careers. Pupils are interviewed during the year preceding entry to discuss A-level options and higher education applications. A report will also be requested from the pupil's current school as part of the process.

The following entry requirements are in place to support students to successfully complete their A-levels:

A minimum of eight GCSE passes at grade 9 - 7, including a 9 - 7 grade in Mathematics and in English Literature or Language. You must achieve a 9 - 7 grade for the subjects you wish to study at A-level.

For A-level subjects not previously studied at GCSE, there are individual subject requirements:

- Art History: Grade 9 - 7 in English Language, English Literature, or History
- Classical Civilisation: Grade 9 - 7 in Latin, English Literature or History
- Economics and Business: Grade 9 - 7 in English Language or English Literature and Mathematics
- Politics: Grade 9 - 7 in History
- Philosophy: Grade 9 - 7 in Religious Studies
- Photography: Grade 9 - 7 in Art
- Psychology: Grade 9 - 7 in Biology or Combined Science, Mathematics and either English Language or English Literature.

In order to access the Mathematics A-level course automatically, a 9 or 8 grade in GCSE Mathematics is required. A candidate who would like to follow the Mathematics A-level course with a grade 7 in GCSE Mathematics will be referred to an interview with the Head of Mathematics and a member of the Senior Leadership Team to assess her levels of suitability and confidence in the subject. There is significant well-founded statistical evidence to show that the step up in difficulty from Mathematics GCSE up to A-level is particularly high.

SURBITON

HIGH SCHOOL

Students applying from outside the British education system who have not sat GCSE examinations can sit Entrance Examinations in subjects appropriate to their A-level subject choices.

Pupils already at the School also have to meet entry criteria in order to progress to the Sixth Form. These are the same as for external applicants above, with the exception that the requirement of a 9 - 7 grade in Mathematics and English Literature or Language is waived.

2.3 Offers of Places

Offers of places and Scholarships are based upon performance in the Entrance Examinations, Scholarship assessments, report from the Head Teacher of the applicant's current school and commitment to the School's ethos.

Where an Entrance Examination or an assessment has taken place, parents or guardians will usually be notified of the result within two weeks. Acceptances are appreciated as soon as possible and are required by early March for entry into Year 7. Pupils joining the School will receive detailed information in the Spring and Summer Terms to aid transition into the School.

In order to secure a place, a non-refundable £1000 deposit is payable on acceptance. If the pupil's parents are resident overseas, the deposit is equal to one term's fees. The deposit is repaid by means of a credit without interest to the final payment of fees or other sums due to the School, after the pupil leaves the School. If a place is not taken up after acceptance, the deposit is retained by the School and one term's fees may be payable unless a full term's notice is given.

2.4 Priority Applicants

When allocating places, priority is given to siblings and the children of members of the School community or part of the United Learning group of schools, who have performed to the required standard in the Entrance Examinations. A sibling is defined as a child sharing at least one natural or adoptive parent with another child who is currently a pupil at the School, or who has accepted a place at the School.

2.5 Waiting Lists and Registers of Interest

If a candidate is successful in their entrance assessment, but a place cannot be offered because of over-subscription in the relevant year group, the child's name will be placed on a waiting list. Position on this waiting list will be determined by the performance of the child in the entrance assessment with priority applicants taking precedence.

Position on the waiting list is subject to change, no matter how long a child's name has been on the list. Priority will be given to a child whose name has been subsequently added to the list who has performed to a higher level in the Entrance Examinations and/or is a priority applicant who has performed to the required standard in the Entrance Examinations.

The waiting list will continue for the year-group until the end of the academic year in which the application was made. Should the applicant wish to be considered for entry the following year, he or she will need to be reassessed.

SURBITON

HIGH SCHOOL

In year groups that are full, the Admissions Office shall maintain a 'Register of Interest'. Should a vacancy arise in that year group and there is no child on the waiting list, the School will offer to assess the children on the register of interest.

An assessment will be arranged in the first instance for all priority candidates on the register. If a suitable candidate is not identified following this assessment, an additional assessment of other applicants will take place. Priority applicants will be assessed in the first instance and, if the vacancy is not filled, the assessment opportunity will be opened up to other applicants. The 'Register of Interest' will continue for the year-group until the end of the academic year. Applicants are contacted at the end of an academic year to see if they wish to remain on the register for the forthcoming academic year.

2.6 Scholarships

Scholarships are awarded on entry into Year 7 and Sixth Form in accordance with merit.

At entry into Year 7, the School offers Academic, Art, Drama, Dance, Performing Arts, Music and Sports (Cricket, Football, Gymnastics, Hockey, Netball, Tennis and Skiing) Scholarships. Scholarships are awarded irrespective of family income. The Principal's Award is allocated by the Principal to a candidate who has achieved an exceptional level in the Entrance Examination as well as one or more additional scholarship disciplines.

A number of Scholarships are available for Sixth Form entry; Academic, Art, Photography, Drama, Dance, Performing Arts, Music and Sports (Cricket, Football, Gymnastics, Hockey, Netball, Rowing, Skiing and Tennis). We also offer the Principal's Award which is allocated by the Principal to a candidate who has achieved an exceptional level in the Scholarship Examinations as well as one or more additional scholarship disciplines. Details of [Scholarships](#) awarded are available on our website. All Scholarships are awarded from Year 7 to Year 11. Pupils may apply for a Sixth Form Scholarship during Year 11.

The number and value of Scholarship awards may vary each year, subject to a maximum reduction in fees, which is specified for each Scholarship type and dependent on the field of candidates and performance in the assessment. Scholarships are not means tested and are awarded irrespective of family income. In cases of proven need, Scholarships may be supplemented by a bursary. Pupils may hold multiple Scholarships plus a bursary award, if eligible, concurrently, up to a maximum remission of 85%. Scholarships will be reviewed on an annual basis.

All pupils who sit the Year 7 Entrance Examinations are automatically considered for the Academic Scholarships. Applications for other Year 7 scholarships, Sixth Form Scholarships and Church Schools Foundation Assisted Places should be submitted by the deadline published on the website.

2.7.1 Sixth Form Academic Scholarships (up to 20% of tuition fees)

Candidates are required to demonstrate all-round academic excellence through performance in the Scholarship examinations.

The Academic Scholarship examination is made up of three parts:

Part I – Cognitive Ability: Potential scholars sit a 50-minute multiple-choice test designed to measure their ability to think quickly, solve novel problems and understand and learn rapidly. These skills are something that they have developed over their lifetime and they will continue to develop.

Part II – Application of Knowledge: Applicants complete one of three options:

- **Option A – Arts and Humanities**

In Section 1 of the Arts and Humanities option, applicants will have to comment on a piece of writing using the information to complete a short response and a longer response. In Section 2, they will complete one essay from a choice of titles. Both sections do not require specific pre-existing subject knowledge, it is discursive and analytical ability that is being assessed.

- **Option B – Life Sciences**

In the Life Sciences option, applicants will have to complete three sections. The first tests experimental design, the second and third sections both test their ability to read and digest unfamiliar information and use this to answer questions. No knowledge beyond GCSE courses is required; the academically most able will have the ability to capitalise on the resources and reason through the arguments and information to draw out the information needed to answer the questions.

- **Option C - Physical Sciences**

Applicants will answer a selection of multiple-choice and long-answer questions that assess their ability to apply their mathematical and scientific knowledge quickly and confidently. Applicants will only be tested on content covered in their maths and science lessons to date, so no further study is required.

Interview

Candidates will be expected to make links between different subjects and be able to vocalise their thought processes.

Candidates offering a Drama performance as their specialism should prepare two contrasting audition pieces which should be extracts from published plays and between two and three minutes in length.

2.8 Year 7 and Sixth Form Bursaries and other forms of Financial Assistance

To ensure that Surbiton High School is accessible to talented students, irrespective of parental income, we offer a limited number of means-tested bursaries available at entry at Year 7 and Sixth Form; these are reviewed annually. We do not offer full bursaries and parents are expected to make a contribution to the fees. Bursaries are awarded to candidates whose family may have difficulty in meeting the cost of independent education. Please note that any Bursary applications for combined incomes over £70,000 may not be considered.

The relevant [application form](#) for Financial Assistance should be completed and returned to the Admissions Office in strict confidence by 1 November, the year before entry. Application forms can be found on the relevant [Scholarship and Bursaries](#) page of the website. For new pupils, the award of financial assistance is subject to satisfactory performance in the Entrance Examination and if, as is likely, demand exceeds the funding available, bursaries will be awarded with reference to performance in the relevant assessment.

There are other Trusts, which can sometimes give limited help. The Admissions Office can give advice on applying for these.

2.8.1 Church Schools Foundation Assisted Places (CSFP)

Church Schools Foundation Assisted Places (CSFP) are awarded from Year 7 until Year 11 and offer a means tested bursary on a sliding scale. Church Schools Foundation Assisted Places are also available for Sixth Form entry. An [application form](#) for Financial Assistance should be completed and returned to the Admissions Office in strict confidence by 1 November, the year before entry. CFSPs are reviewed annually.

2.8.2 Clergy Bursaries

Clergy Bursaries are available for daughters of full-time members of the Clergy of any Christian denomination; these are awarded from Year 7 until Year 11 and offer a percentage reduction in fees on a sliding scale, according to parental income. The Green & Silver Club award can be received by one pupil or shared between pupils. The award will be tenable for both years of Sixth Form study and may be offered as an additional discount to pupils receiving a CSFP Bursary. Appendix A - Procedures for the Administration of the Admissions Register

Surbiton High School acknowledges its responsibility to administer its admissions register in line with the Education (Pupil Registration) [England] Regulations 2006 and the statutory guidance 'Children Missing Education' September 2016.

The register is kept in electronic format on the servers in the IT office and the date and name of the last person to make an amendment to any record is recorded by the Management Information System. The register is kept for a minimum of three years. Proper provision is made for back up and a stored version of the register is made electronically each month and is accessible via the Management Information System. In addition, we can provide an electronic register and a print-out of the register, after a correction has been made, to distinguish clearly between the original entry and the correction. The person responsible for administering the admissions record at Surbiton High School is Mr Gary Ekins, Manager of Information Systems.

The School's admission register includes:

- a) name in full;
- b) sex;
- c) name and address of every person known to the proprietor to be a parent and/or carer of the pupil (and an indication of the parent/guardian with whom the pupil normally resides, and which parents hold parental responsibility);
- d) at least one telephone number at which the parent can be contacted in an emergency;
- e) day, month and year of birth;
- f) day, month and year of admission or re-admission to the School;
- g) name and address of the school last attended, if any;
- h) an indication of boarding or day attendance.

The name of a pupil is included in the School's admissions register from the beginning of the first day on which the School has agreed, or has been notified, that the pupil will attend the School. If a pupil fails to attend on the agreed or notified date, the Admissions Department undertakes reasonable enquiries to establish the child's whereabouts. In addition, if, five days after the pupil was due to start at Surbiton High School, the Admissions Department has not been able to establish which school the pupil is now attending, it immediately informs Matthew Close (Senior Vice-Principal), who in turn immediately informs Kingston Children's Services.

The School informs the local authority (Kingston Children's Services) within five days of a child being added to the admissions register at a non-standard transition point.¹ In these instances, the local authority is provided with all the information held within the admission register about the pupil.

The School's admission register is accurate and kept up to date. We regularly encourage parents to inform us of any changes whenever they occur, through existing communication channels such as the Pupil Data Sheet (sent at the beginning of the academic year asking parents to confirm / correct the information that we hold on them and their children).

¹ Non-standard transition points in this context are all points other than the beginning of the Reception year and the beginning of Year 7.

HIGH SCHOOL

Where a parent notifies the School that a pupil will live at another address, the following are recorded in the admission register:

- a. the full name of the parent with whom the pupil will live;
- b. the new address;
- c. the date from when it is expected the pupil will live at this address.

Where a parent of a pupil notifies the School that the pupil is registered at another school or will be attending a different school in future, the following are recorded in the admission register:

- a. the name of the new school;
- b. the date when the pupil first attended or is due to start attending that school.

Matthew Close (Senior Vice-Principal) informs the local authority (where the School is situated- i.e., Kingston Children's Services) before a pupil's name is deleted from the admissions register for the following reasons:

- the child has been taken out of school to be home educated
- the family has apparently moved away
- the child has been certified medically unfit to attend
- the child is in custody for more than four months
- the child has been permanently excluded
- we do not know which school the child is attending on leaving Surbiton High School (in which case the local authority in which the pupil lives is also informed)
- the child is leaving the School at a non-standard transition point²

The Admissions Department brings to the attention of Matthew Close any pupil who might fall into one of the above categories.

In these instances, the following information is provided to the local authority:

- a. the full name of the pupil;
- b. the full name and address of any parent with whom the pupil lives;
- c. at least one telephone number of the parent with whom the pupil lives;
- d. the full name and address of the parent who the pupil is going to live with, and the date the pupil is expected to start living there, if applicable;
- e. the name of pupil's destination school and the pupil's expected start date there, if applicable; and
- f. the ground in Regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 under which the pupil's name is to be removed from the admission register³

N.B. Kingston Children's Services does not require us to inform them of pupils joining or leaving the School at standard transition points.

² Non-standard transition points in this context are all points other than the end of Year 6 and the end of Year 13.

³ Given that we are an independent school, this ground will typically be ground (I), namely that he/she "has ceased to be a pupil of the school"

SURBITON

HIGH SCHOOL

Where a pupil has not returned to school for ten days after an authorised absence or is absent from school without authorisation for twenty consecutive school days, the pupil is removed from the admission register only once the school and the local authority have failed, after jointly making reasonable enquiries, to establish the whereabouts of the child. This only applies if the school does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause. Matthew Close (Senior Vice-Principal) is the person responsible for contributing to such joint enquiries.

Where a pupil of compulsory school age is registered at more than one school, his/her name will only be deleted from the admissions register of SHS when he/she has ceased to attend and where the proprietor of any or every other school at which the pupil is registered gives his/her consent, (except where the pupil has died, been permanently excluded or is of no fixed abode).

The name of a pupil who is detained in pursuance of a final court order or order of recall will only be deleted from the register where that order is for a period of not less than four months and where United Learning does not have reasonable grounds to believe that the pupil will return to School at the end of that period.
