HIGH SCHOOL

Aims and Ethos

Surbiton High School aims to **inspire, encourage and empower** our young people to discover and embrace their individuality in an intellectually rigorous academic environment. Balanced with outstanding pastoral care, our students become compassionate, respectful, courageous, and inquisitive members of the community, living out the School's motto: *Amor nos semper ducat* (May love always lead us).

Our Values

We are compassionate:

We are kind and we care, in both thought and action. We consider those less fortunate and strive to support and offer aid. We are mindful of the gentle power of positive actions. We support and encourage those around us.

We are respectful:

We respect all people equally. We respect ourselves, our learning, our community, our environment, and the planet we all share. We strive to act with respect and integrity in all things. When we disagree, we do so respectfully.

We are courageous:

When challenged by our fears we are determined, not deterred. We call on resilience for strength when in the heat of the struggle. We bravely chase our dreams and fight for what we believe. When we fall, we pick ourselves up and forge forward.

We are inquisitive:

We understand that a thoughtful question is the key to unlock understanding. We believe where answers provide ends, questions pose exciting beginnings. We are eager to explore, we question to discover, we are curious to learn more of the world at large.

We are a community:

We are united - with a common focus. We value belonging to a wider community: our school community, our local community, our global community. We are inclusive of all, no matter our differences. We value and nurture the connections we form.

We achieve these aims through our *Charter for Happiness and Well-being*. Our pupils:

- **are inspired to deploy their highest strengths to tackle all situations**, developing a growth mindset and a can-do attitude, equipped with the tools to maximise their positive emotions
- **are encouraged to find their niche**, to be fully engaged in educational activities and to meet the highest challenges that come their way
- **are coached and encouraged to develop strong relationships**, to be empathetic and responsive to the needs of themselves and others

SURBITON

HIGH SCHOOL

- **are empowered to lead a meaningful life**, to be able to understand what their goals are and to know what they are striving for
- **are empowered to draw strength from celebrating their accomplishments**, in order to tackle new challenges

We achieve these aims through our inculcation of *Learning Habits*. Our children:

- **are inspired in their thinking**, to ask questions, to make connections, to imagine possibilities, to reason methodically and to capitalise on their resources
- **are encouraged to be emotionally invested in their learning**, persevering in the face of difficulties, noticing subtle differences and patterns, managing their distractions, and becoming absorbed in their learning
- **are empowered to be fully involved in their learning**, growing in interdependence, collaborating effectively, listening empathetically to others, and imitating their learning habits
- **are inspired, encouraged, and empowered to be productive**, planning their learning in advance, revising and reviewing their progress, distilling important information, and developing their own meta-learning

2 Admissions Procedure

The main entry points are Reception (4+), Year 7 (11+), and Sixth Form (16+). Sometimes occasional places are available in other year groups, and these may be available mid-way through the academic year. Parents may apply for a place at any time but, in order to take the Entrance Examination or complete the full application process, for one of the main entry points, applications should be received by the dates stated on the website for the relevant academic year.

Pupils may be considered for entry into other year groups at any time, subject to assessment and dependent upon space being available in the appropriate year group.

On application, parents must indicate that their child has permission to study in the UK. Non-UK/Irish/EEA Nationals should provide a copy of the applicant's passport page to show their current status, along with a visa or residency permit and the dates of study and expiry of study.

From the beginning of the first day on which the School has agreed or been informed that the student will attend the School, an entry will be made in the School's admissions register in line with the Education (Pupil Registration) [England] Regulations 2006. The inclusion /deletion from the register is done according to the Education (Pupil Registration) [England] Regulations 2006.

SURBITON

HIGH SCHOOL

2.1 Disabilities or Special Educational Needs

The Application Form asks parents to disclose whether their child has a disability, special educational need or medical condition. If this is the case, the School will then request additional information about the prospective pupil. In assessing any pupil or prospective pupil the School may take such advice and require such assessments, as it deems appropriate; subject to this, the School will be sensitive to any issues of confidentiality. The School will take reasonable steps to avoid putting disabled students at a substantial disadvantage in matters of admissions.

Based on the information given and advice received, Surbiton High School is committed to making reasonable adjustments that will enable a prospective pupil to take up a place at Surbiton High School (subject to satisfying the academic admissions requirements detailed on the [Admissions](#) page of the website) and to complying with its legal and moral responsibilities under the Special Educational Needs and Disability Act 2001.

Where information is supplied past the registration deadlines, the School will do its best to account for requirements, but regrets that it may not be able to adjust the timings and set-up for the Entrance Examination.

2.2 Entrance Examinations and Assessments

For entry into Reception at our Boys' Prep School an application can be made at any time (but not before birth). On receipt of the completed application form and the non-returnable registration fee of £100 you will receive written confirmation of your son's Reserved Place, providing no waiting list is in operation. A formal confirmed offer will be issued, and a deposit will become due on 28 February of the year prior to entry. On receipt of the acceptance form and payment of the £1000 deposit, it will become a Confirmed Place. When confirmed pupil numbers reach our maximum class size, we will then add the pupil's details to our waiting list and a confirmed place will be offered, if possible, after 28 February of the year prior to entry.

For entry into Reception at our Girls' Prep School, applications can be received at any time (but not before birth) but are required by early November, the year before entry. All applicants will then be invited to attend a 'Stay and Play' session in mid-November. This session will allow her to explore our fun and exciting learning environment, meet our inspiring staff and get to know other prospective pupils.

Formal offers will be issued, and a deposit will become due in the December of the year prior to entry. On acceptance and receipt of payment of the deposit, a child will have a Confirmed Place.

The Entrance Examination for Year 7 (11+) entry is held in November for entry in September of the next year. For 2023 entry the Entrance Examination will consist of two papers, English and Mathematics with an interview forming the second stage for those who have been shortlisted. This will enable us to get to know candidates better and will consist of a short, friendly conversation with Senior School Staff, providing an opportunity to discuss candidates' motivations for joining Surbiton High School and their wider interests and hobbies, as well as the opportunity to engage in some friendly academic discussion. The interviews will take place at the School in December and January. As part of the process a report will also be requested from the pupil's current school prior to the examination.

All entrance examination papers are designed to bring out the skills and potential of the pupil, to ensure that pupils are tested on what they have learnt throughout Key Stage 2. For more information on the content of the Year 7 Entrance Examination, please see the [Admissions](#) pages of the school website. It is School policy not to issue past papers.

SURBITON

HIGH SCHOOL

Pupils from our Girls' Prep School will sit the Entrance Examination to the Senior School at around the same time as the external applicants.

Sixth Form applications from external candidates are welcomed. Candidates will take part in Morrisby Profiling, which allows the School to assess aptitudes, learning and personal working styles, to inspire and encourage pupils to make informed decisions about their careers. Pupils are interviewed during the year preceding entry to discuss A-level options and higher education applications. A report will also be requested from the pupil's current school as part of the process.

The following entry requirements are in place to support students to successfully complete their A-levels:

- Ideally you would have a minimum of grade 5 in Maths and English Language or Literature GCSE, or equivalent such as TEFL, as this will aid access to the A-level courses.
- Candidates must achieve a grade 7 or above in the subjects they wish to study at A-level.
- For Science and Maths, candidates must achieve a grade 8 or above. Those who don't achieve a grade 8, may only be permitted onto the courses after discussion with a member of the Senior Leadership Team.

For A-level subjects not previously studied at GCSE, there are individual subject requirements:

- **Art History:** Grade 7 or above in either English Literature or Language or History.
- **Business:** Grade 6 in Mathematics and either English Language or English Literature
- **Classical Civilisation:** Grade 7 or above in either English Literature or Language or History.
- **Computer Science:** Grade 7 or above in Maths.
- **Economics:** Grade 7 or above in Maths and either English Literature or Language.
- **Politics:** Grade 7 or above in either English Literature or Language or History.
- **Philosophy:** Grade 7 or above in either English Literature or Language or History.
- **Photography:** Grade 7 or above in Art or Art Photography. Any applicants without Art or Art Photography GCSE will need to demonstrate potential and interest through submitting a portfolio and an interview with a member of the department.
- **Psychology:** Grade 7 or above in Maths and either English Literature or Language. In addition, for Psychology, a grade 7 or above in a Science GCSE is desirable.
- **Sociology:** Grade 6 in either English Literature or Language.

Students applying from outside the British education system who have not sat GCSE examinations can sit entrance examinations in subjects appropriate to their A-level subject choices.

2.3 Offers of Places

Senior School offers of places and Scholarships are based upon performance in the Entrance Examinations, Scholarship assessments, report from the Head Teacher of the applicant's current school and commitment to the School's ethos.

Where an entrance examination or an assessment has taken place, parents or guardians will usually be notified of the result within two weeks. The exception to this is year 7, where applicants are informed by the end of January or early February. Acceptances are appreciated as soon as possible and are required by early

SURBITON

HIGH SCHOOL

March for entry into Year 7. Pupils joining the School will receive detailed information in the Spring and Summer Terms to aid transition into the School, or sooner should an ad-hoc place have been offered.

In order to secure a place, a non-refundable £1000 deposit is payable on acceptance. If the pupil's parents are resident overseas, the deposit is equal to one term's fees. The deposit is repaid by means of a credit without interest to the final payment of fees or other sums due to the School, after the pupil leaves the School. If a place is not taken up after acceptance, the deposit is retained by the School and one term's fees may be payable unless a full term's notice is given.

2.4 Priority Applicants

When allocating places, priority is given to siblings and the children of members of the School community or part of the United Learning group of schools, who have performed to the required standard in the Entrance Examinations. A sibling is defined as a child sharing at least one natural or adoptive parent with another child who is currently a pupil at the School, or who has accepted a place at the School.

2.5 Waiting Lists and Registers of Interest

If an applicant is successful in their entrance assessment, but a place cannot be offered because of over-subscription in the relevant year group, the child's name will be placed on a waiting list. Position on this waiting list will be determined by the performance of the child in the entrance assessment with priority applicants taking precedence.

Position on the waiting list is subject to change, no matter how long a child's name has been on the list. Priority will be given to a child whose name has been subsequently added to the list who has performed to a higher level in the Entrance Examinations/assessments and/or is a priority applicant who has performed to the required standard in the Entrance Examinations/assessments.

The waiting list will continue for the year-group until the end of the academic year in which the application was made. Should the applicant wish to be considered for entry the following year, he or she will need to be reassessed.

In year groups that are full, the Admissions Office shall maintain a 'Register of Interest'. Should a vacancy arise in that year group and there is no child on the waiting list, the School will offer to assess the children on the Register of Interest.

An assessment will be arranged in the first instance for all priority applicants on the register. If a suitable candidate is not identified following this assessment, an additional assessment of other applicants will take place. Priority applicants will be assessed in the first instance and, if the vacancy is not filled, the assessment opportunity will be opened up to other applicants. The Register of Interest will continue for the year-group until the end of the academic year. Applicants are contacted at the end of an academic year to see if they wish to remain on the register for the forthcoming academic year.

2.6 Scholarships

Scholarships are awarded on entry into Year 7 and Sixth Form in accordance with merit.

SURBITON

HIGH SCHOOL

Details of [Scholarships](#) awarded are available on our website. All Scholarships are awarded from Year 7 to Year 11. Pupils may apply for a Sixth Form Scholarship during Year 11.

The number and value of Scholarship awards may vary each year, subject to a maximum reduction in fees, which is specified for each Scholarship type and dependent on the field of candidates and performance in the assessment. Scholarships are not means tested and are awarded irrespective of family income. In cases of proven need, Scholarships may be supplemented by a bursary. Pupils may hold multiple Scholarships plus a bursary award, if eligible, concurrently, up to a maximum remission of 85%. Scholarships will be reviewed on an annual basis.

All pupils who sit the Year 7 Entrance Examinations are automatically considered for the Academic Scholarships. Applications for other Year 7 Scholarships, Sixth Form Scholarships and Church Schools Foundation Assisted Places should be submitted by the deadline published on the website.

2.6.1 Year 7 Scholarships and Awards

A number of scholarships are available at Year 7 entry: Academic, Art, Drama, Dance, Performing Arts, Music and Sports (Cricket, Football, Gymnastics, Hockey, Netball, Skiing and Tennis). We also offer the Principal's Award.

2.6.3 The Year 7 Principal's Award

The Principal's Award is allocated by the Principal to candidates who has achieved an exceptional level in the Entrance Examination as well as one or more additional Scholarship disciplines. 2.6.4 Year 7 Art Scholarship (up to 20% reduction in tuition fees)

Art Scholarships are awarded to those artists demonstrating a high level of talent in art and design, well above the normal level of ability for their age. Candidates must genuinely enjoy spending time making art and should be able to talk freely about art and artists, citing examples, and giving insightful answers to questions without having been rehearsed.

In order to apply, please submit the following to the Director of Art:

SURBITON

HIGH SCHOOL

- A portfolio of work, produced at home or school during the last year, clearly labelled on the outside with the candidate's name

The Head of Dance and/or Director of Dance, Drama and Performing Arts will review applications and performance footage to shortlist candidates. Shortlisted applicants will be invited to an audition.

There are two parts to the audition: a group workshop and a solo performance. The workshop involves a range of practical activities and does not require any preparation. Please note that performances exceeding this time limit will be stopped to ensure all candidates have a comparable audition length.

- Dance candidates should prepare a dance piece in a preferred dance style
- Drama candidates should prepare a monologue from a published play text
- Performing Arts candidates should prepare a musical theatre piece.

Scholarships are offered based on performance during the assessment. Dance, Drama and Performing Arts require focus, discipline, creativity and passion, not just talent. 2.7.1 Sixth Form Academic Scholarships

Candidates are required to demonstrate all-round academic excellence through performance in the Scholarship examinations. The Academic Scholarship examination is made up of three parts:

Part I – Cognitive Ability (1hr 30mins)

Part II – Application of Knowledge (1hr 10mins)

Applicants complete **one** of five optional pathways:

- **Option A Pathway 1 – Arts and Humanities (1hr 10mins)**

In Section 1 of the Arts and Humanities option, applicants will have to comment on a piece of writing using the information to complete a short response and a longer response. In Section 2, they will complete one essay from a choice of titles. Both sections do not require specific pre-existing subject knowledge; it is discursive and analytical ability that is being assessed. Five minutes is allocated for reading and absorbing the information provided.

- **Option B Pathway 2 – Science – Core Maths (30mins) + Physics (40mins)**

- **Option B Pathway 3 – Science – Core Maths (30mins) + Chemistry (40mins)**

Applicants will only be tested on content covered in their Maths and Science lessons to date, so no further study is required.

All applicants on Pathways 2 to 5 will sit a **Core Maths paper (30mins)** that tests mathematical skills and knowledge needed for excel in Pathways 2 to 5 and within content covered in iGCSE Maths.

They will be interviewed by at least one member of teaching staff within their subject specialism/pathway.

SURBITON

HIGH SCHOOL

2.7.2 The Principal's Award

Shortlisted candidates may be invited for an interview with the Principal and Senior Vice-Principal. Please note that candidates cannot apply directly for the Principal's Award.

2.7.3 Sixth Form Art Scholarship

Art Scholarships are awarded to those artists demonstrating an exceptional level of talent in art and design, well above the normal level of ability for their age. We expect candidates to be able to talk enthusiastically about their work and show ability and skill in more than one area and media. Candidates must genuinely enjoy spending time making art and should be able to talk freely about art and artists, citing examples.

Candidates are required to produce a portfolio of recent work, showing a range of ideas and processes. Sculpture and other three-dimensional work. Very large works should be photographed.

2.7.4 Sixth Form Dance, Drama and Performing Arts Scholarship

It is desirable, but not essential, for candidates to have studied GCSE Dance or Drama. All applicants sit a 45-minute written paper, with a choice of two questions: one related to plays studied and one related to live performance events (e.g. a piece of theatre, dance performance or musical theatre performance). Neither question refers to a specific play or performance but assumes that candidates have read and/or seen a number of productions over the last two years. You may have copies of your chosen text and/or two A4 sides of notes for each live production seen that you may want to write about.

Candidates applying for a Dance Scholarship should also prepare two contrasting Dance pieces. These performances can contrast in terms of style, music, or stimulus. Each dance performance must last approximately two minutes. We will also ask you to demonstrate your proven commitment to dance and your broader interest in the subject in a short interview with the Director of Drama and Dance.

Candidates offering a Drama performance as their specialism should also prepare two contrasting monologues from published plays or collections. Should you wish to offer design or a technical skill as your specialism for your Drama Scholarship application, please submit a portfolio of work outlining the ways in which your skills have enhanced two productions. Candidates offering a Performing Arts performance as their specialism should also prepare two contrasting audition pieces; these pieces can include dance, acting or singing (musical theatre pieces only) and should clearly demonstrate their range of skills as a performer. For both Drama and Performing Arts performance auditions, each audition piece should be between two and three minutes in length.

Candidates will be asked to demonstrate their proven commitment to Dance, Drama or Performing Arts and their broader interest in the subject in a short interview with the Director of Drama. The School may choose to offer only Dance, Drama or Performing Arts scholarships in a given year, at its discretion.

All successful candidates would need to take their scholarship subject at A-level for the award to apply and be willing to take full advantage of all opportunities to participate in their chosen subject at School.

2.7.5 Sixth Form Music Scholarship

For the audition, candidates should prepare two contrasting pieces on their principal instrument. If a candidate has a second study which is of a similar standard to the principal study, the second study can be presented at audition instead of a contrasting piece on the principal study. We can provide an accompanist and ask that the piano accompaniment is submitted to Mr Richard Hammond-Hall (richard.hammondhall@surbitonhigh.com) no later than a week prior to auditions. Candidates are also welcome to bring their own accompanist. Candidates will also be asked to sight-read, take some aural tests and discuss their musical activities, interests and achievements in an interview with the Director of Music.

Scholars will be expected to participate in at least two ensembles at School and seek leadership in a third ensemble. Those awarded a Sixth Form Scholarship must endeavor to achieve Grade 8 during Key Stage 5. Scholars will take a lead in Music Department events and competitions and participate in evening events where requested. They will be expected to be an outstanding ambassador of the subject. When awarded a Sixth Form Scholarship, students are expected to study Music A-level.

Candidates should provide a letter detailing their sporting achievements and training programme and, where appropriate, a reference from an external coach. The referee should not be a member of the School PE Department. If shortlisted, candidates will be invited for a range of fitness and skills tests. Upon award of a scholarship, each sport will have specific requirements.

2.7.7 Sixth Form Photography Scholarship

Photography Scholarships are awarded to those pupils demonstrating an exceptional level of talent, well above the normal level of ability for their age. We expect candidates to be able to talk enthusiastically about their work and show ability and skill in more than one area.

Candidates must genuinely enjoy photography and should be able to talk freely about art and artists, photography and photographers, citing examples.

In order to apply, please submit a portfolio of Photography, which could contain moving images. The Director of Art will review each application, and portfolios will be studied in order to shortlist candidates.

The assessment for shortlisted candidates consists of a one-hour photographic skills test and a one-hour creative task, an interview with the Director of Art and Assistant Director of Art. Candidates will be expected to answer a series of questions on photography and photographers and talk about their own work as presented in the portfolio.

2.7.8 The Dame Angela Rumbold Science Scholarship

The Dame Angela Rumbold Science Scholarship is awarded to a pupil who has attended the School since Year 7, intends to study two sciences at A-level and pursue a science-related course at university.

Candidates are required to demonstrate all-round academic excellence through performance in the Scholarship examinations. Dame Angela Rumbold Science Scholarship applicants must complete Part II of the examinations. They will be expected to study at least two Science subjects at A-level (Biology, Chemistry or Physics) and to demonstrate an interest in Science beyond the classroom. Shortlisted candidates will be notified and then interviewed by the Head of Science and the Head of Scholars & Academic Enrichment. The aim of the interview is to explore the candidate's aspirations for the future study of science, discuss areas in which they are particularly interested and their vision for this particular role.

2.8 Year 7 and Sixth Form Bursaries and other forms of Financial Assistance

To ensure that Surbiton High School is accessible to talented students, irrespective of parental income, we offer a limited number of means-tested bursaries available at entry at Year 7 and Sixth Form; these are reviewed annually. We do not offer full bursaries and parents are expected to make a contribution to the fees. Bursaries are awarded to candidates whose family may have difficulty in meeting the cost of independent education. Please note that any Bursary applications for combined incomes over £70,000 may not be considered.

The relevant [application form](#) for Financial Assistance should be completed and returned to the Admissions Office in strict confidence by the date stated on the website, the year before entry. For new pupils, the award of financial assistance is subject to satisfactory performance in the Entrance Examination and if, as is likely, demand exceeds the funding available, bursaries will be awarded with reference to performance in the relevant assessment.

2.8.3 The Green & Silver Club Award

This will be awarded to a pupil or pupils who have attended the School since Year 7 and would not be able to continue into the Sixth Form without financial support. The Green & Silver Club award can be received by one pupil or shared between pupils. The award will be tenable for both years of Sixth Form study and may be offered as an additional discount to pupils receiving a CSFP Bursary. Pupils not eligible for a CSFP Bursary are still entitled to apply, providing all the above criteria have been met.

To apply for the Green & Silver Club Award, please complete the application below. This application is means tested and, if eligible for the Green & Silver Club Award, the girls will be asked to fill out a personal statement form and attend an interview. This will be the girls' opportunity to demonstrate to the Green & Silver Club Committee why they are a suitable candidate for an award. Recipients of the Green & Silver Club award are expected to be future ambassadors for the School. The Chair of the Green & Silver Club Committee, the Principal and the Head of Development will make the final decision. To apply for the Green & Silver Club Award, please complete the [Green and Silver Award Application Form](#).

Appendix A - Procedures for the Administration of the Admissions Register

Surbiton High School acknowledges its responsibility to administer its admissions register in line with the Education (Pupil Registration) [England] Regulations 2006 and the statutory guidance 'Children Missing Education' September 2016.

The register is kept in electronic format on the servers in the IT office and the date and name of the last person to make an amendment to any record is recorded by the Management Information System. The register is kept for a minimum of three years. Proper provision is made for back up and a stored version of the register is made electronically each month and is accessible via the Management Information System. In addition, we can provide an electronic register and a print-out of the register, after a correction has been made, to distinguish clearly between the original entry and the correction. The person responsible for administering the admissions record at Surbiton High School is Mr Gary Ekins, Manager of Information Systems.

The School's admission register includes:

- a) name in full;
- b) sex;
- c) name and address of every person known to the proprietor to be a parent and/or carer of the pupil (and an indication of the parent/guardian with whom the pupil normally resides, and which parents hold parental responsibility);
- d) at least one telephone number at which the parent can be contacted in an emergency;
- e) day, month and year of birth;
- f) day, month and year of admission or re-admission to the School;
- g) name and address of the school last attended, if any;
- h) an indication of boarding or day attendance.

The name of a pupil is included in the School's admissions register from the beginning of the first day on which the School has agreed, or has been notified, that the pupil will attend the School. If a pupil fails to attend on the agreed or notified date, the Admissions Department undertakes reasonable enquiries to establish the child's whereabouts. In addition, if, five days after the pupil was due to start at Surbiton High School, the Admissions Department has not been able to establish which school the pupil is now attending, it immediately informs Matthew Close (Senior Vice-Principal), who in turn immediately informs Kingston Children's Services.

The School's admission register is accurate and kept up to date. We regularly encourage parents to inform us of any changes whenever they occur, through existing communication channels such as MIS update reminders sent on a rolling cycle throughout the academic year.

Where a parent notifies the School that a pupil will live at another address, the following are recorded in the admission register:

- a. the full name of the parent with whom the pupil will live;
- b. the new address;
- c. the date from when it is expected the pupil will live at this address.

SURBITON

HIGH SCHOOL

Where a parent of a pupil notifies the School that the pupil is registered at another school or will be attending a different school in future, the following are recorded in the admission register:

- a. the name of the new school;
- b. the date when the pupil first attended or is due to start attending that school.

Matthew Close (Senior Vice-Principal) informs the local authority (where the School is situated- i.e., Kingston Children's Services) before a pupil's name is deleted from the admissions register for the following reasons:

- the child has been taken out of school to be home educated
- the family has apparently moved away
- the child has been certified medically unfit to attend
- the child is in custody for more than four months
- the child has been permanently excluded
- we do not know which school the child is attending on leaving Surbiton High School (in which case the local authority in which the pupil lives is also informed)
- the child is leaving the School at a non-standard transition point¹

The Admissions Department brings to the attention of Matthew Close any pupil who might fall into one of the above categories.

In these instances, the following information is provided to the local authority:

- a. the full name of the pupil;
- b. the full name and address of any parent with whom the pupil lives;
- c. at least one telephone number of the parent with whom the pupil lives;
- d. the full name and address of the parent who the pupil is going to live with, and the date the pupil is expected to start living there, if applicable;
- e. the name of pupil's destination school and the pupil's expected start date there, if applicable; and
- f. the ground in Regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 under which the pupil's name is to be removed from the admission register²

N.B. Kingston Children's Services does not require us to inform them of pupils joining or leaving the School at standard transition points.

Where a pupil has not returned to school for ten days after an authorised absence or is absent from school without authorisation for twenty consecutive school days, the pupil is removed from the admission register only once the school and the local authority have failed, after jointly making reasonable enquiries, to establish the whereabouts of the child. This only applies if the school does not have reasonable grounds to believe that the pupil is unable to attend because of sickness or unavoidable cause. Matthew Close (Senior Vice-Principal) is the person responsible for contributing to such joint enquiries.

Where a pupil of compulsory school age is registered at more than one school, his/her name will only be

¹ Non-standard transition points in this context are all points other than the end of Year 6 and the end of Year 13.

² Given that we are an independent school, this ground will typically be ground (I), namely that he/she "has ceased to be a pupil of the school"

deleted from the admissions register of Surbiton High School when he/she has ceased to attend and where the proprietor of any or every other school at which the pupil is registered gives his/her consent, (except where the pupil has died, been permanently excluded or is of no fixed abode).

The name of a pupil who is detained in pursuance of a final court order or order of recall will only be deleted from the register where that order is for a period of not less than four months and where United Learning does not have reasonable grounds to believe that the pupil will return to School at the end of that period.
